

Pharmacist

Overview

A licensed Pharmacist is a health care professional licensed to engage in pharmacy duties including dispensing prescription drugs, monitoring drug interactions, and counseling patients regarding the effects and proper usage of drugs and dietary supplements.

Policy

Pharmacist services must be related to the dispensing of self-administered hormonal contraceptives or the prescribing, dispensing and/or administering of drugs to prevent the acquisition of human immunodeficiency virus (HIV) and the ordering of certain laboratory HIV tests.

Nevada Medicaid’s policies can be found on the Division of Health Care Financing and Policy DHCFP website, <http://dhcftp.nv.gov>, under Medicaid Services Manual (MSM) Chapter 600 – Physician Services.
