## **Outpatient Physician-Administered Drug Claims That Denied or Voided with Edit Code 0162 to be Reprocessed**

Outpatient physician-administered drug claims billed with a National Drug Code (NDC) and a prior authorization may have denied or voided in error with edit code 0162 (Number of procedures exceeds number authorized). The affected claims processed on or after March 21, 2014, through March 21, 2016, will be automatically reprocessed. Results of the reprocessed claims will appear on remittance advices dated November 4, 2016.
