Web Announcement 1584

Attention Provider Type 11 (Inpatient, Hospital):

Update Regarding Claims That Paid Incorrect Rates

Claims submitted by provider type (PT) 11 (Inpatient, Hospital) may have paid incorrect rates due to discrepancies in authorized and consumed prior authorization units and the way the Medicaid Management Information System (MMIS) processed the related claims. Effective April 16, 2018, the MMIS has been corrected to adjudicate these claims correctly going forward.

The impacted claims submitted by PT 11 with dates of service on or after April 16, 2016, through claims processed before April 16, 2018, that overpaid or did not pay the correct rate will be automatically reprocessed to adjudicate the claims correctly. Providers do not need to resubmit or appeal these claims that paid incorrectly. A future web announcement will notify providers when the claims will be reprocessed.
