Web Announcement 217

Appropriate Dental Services Codes for Topical Fluoride with or without Prophylaxis

Reminder: Dental services codes D1201 (Topical fluoride with prophylaxis – child) and D1205 (Topical fluoride with prophylaxis – adult) are not available for billing by any Nevada Medicaid/Nevada Check Up provider. In the appropriate circumstances, providers may wish to use codes D1110 (Prophylaxis – adult), D1120 (Prophylaxis – child), D1203 (Topical fluoride, excluding prophylaxis – child) and/or D1204 (Topical fluoride, excluding prophylaxis – adult). Provider Types that bill for these codes are 17 (Special Clinics), 20 (Physician, M.D., Osteopath) and 22 (Dentist).
