Nevada Medicaid Web Announcement 3144

Attention All Providers: Invitation to Participate in Focus Groups Regarding Services for Nevada's Aged, Blind and Disabled

Nevada Medicaid providers are invited to participate in focus groups regarding managed long-term services and supports (MLTSS), value-based purchasing (VBP) and Program of All-Inclusive Care for the Elderly (PACE) models for Nevada's aged, blind and disabled. If you are interested in joining the Division of Health Care Financing and Policy (DHCFP) for the following focus group meetings, please contact the DHCFP Long Term Services and Supports at LTSS@dhcfp.nv.gov to receive a meeting invitation.

- **PACE:** Monday, August 21 at 1:00 p.m. Pacific Time (PT)
- **Managed LTSS:** Tuesday, August 22 at 1:00 p.m. PT
- **Home and Community-Based Services (HCBS) Value-Based Purchasing:** Wednesday, August 23 at 1:00 p.m. PT

A fourth meeting may be scheduled if additional topics warranting a meeting are identified. The information you provide at the focus group meetings will help Nevada Medicaid improve the service delivery models for Nevadans who are aged, blind and disabled.

As a reminder, services for Nevada's aged, blind and disabled population can be dramatically improved with your help. Health Management Associates (HMA) is conducting a needs assessment and will be facilitating the focus groups to guide research and the potential development of home and community-based services, value-based purchasing, Program of All-Inclusive Care for the Elderly models, and managed long-term services and supports (MLTSS).

For more information, please send an email to LTSS@dhcfp.nv.gov.
