Nevada Medicaid Web Announcement 3247

Urgent Announcement:

Professional Crossover Claims Reprocessing Effort on Hold

Update to [Web Announcement 3216](#): The claim reprocessing effort impacting professional crossover claims that paid to providers the full patient responsibility without taking into account the Medicaid allowed amount has been placed on hold. Nevada Medicaid is evaluating the reprocessing effort to ensure all impacted claims are adjudicated correctly.

A future web announcement and future remittance advice will notify providers if the claims will be reprocessed, or if recoupments will be pursued. Additionally, at a later date impacted providers may receive an updated notification mailed to the mailing address on file with Nevada Medicaid concerning the reprocessing effort.

When claims are reprocessed, please be aware that all system and clinical claim editor edits are applicable. As a result, there may be no additional payment, and other claim denials may be received. Providers have the right to appeal denied claims, including those denied upon reprocessing. Please refer to [Medicaid Services Manual Chapter 100](#) and the [Billing Manual](#) for information concerning the claim appeal process and time frames.
