## **Changes to Denture Identification Imbedding Code D5899**

Denture identification imbedding (code D5899) may be billed for both the upper and the lower jaw on the same date of service.

On September 26, 2011, the Medicaid Management Information System (MMIS) was modified to adjudicate these claims appropriately. Any claims for D5899 that denied inappropriately between February 2, 2010 and September 25, 2011 for edit code 1313 ("Same Prov, Same DOS") have been reprocessed. The adjudication of any reprocessed claims will be reported on remittance advices beginning November 25, 2011.
